Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the May 10, 2002 official action, Applicant submits herewith clean
and marked up copies of claims 5, 7, 14 and 16:

5. (Amended) A content relay service device according to claim 1, further
comprising:

a specification information obtaining mechanism for obtaining specification
information regarding a function provided in the browser installed terminal through
communications with the terminal, which makes access; and

a terminal differentiating mechanism for differentiating the terminal into a type
“a” loading a predetermined compressed data decompression program, and a type “b” loading no
